

The background is a solid blue color. Overlaid on this are white and yellow circuit-like lines that meander across the frame. Small white circles, resembling solder points or vias, are placed at various intersections and endpoints of these lines. In the top right corner, there is a graphic of a white page being folded over, revealing a colorful, abstract pattern underneath.

Intel Makers: What Will You Make?

Intel® Edison fuels the next wave of small computing robotics to wearables

The Intel® Edison development platform is so small that it is going to make a huge impact on the Internet of Things and the world of wearables.
